# Pocatello RENEWAL Home Rehab Program

Do you need major home repairs that are beyond your financial or physical abilities? Does your home need repairs for your safety? Are repairs needed to protect your home from deterioration? Is your property the subject of a code enforcement action by the City?

If you answered “YES” to any of these questions, you may be a candidate for the City of Pocatello’s RENEWAL Home Rehab Program.

This program will help with:

- Evaluating the best solutions for your home’s particular problem.
- Securing qualified contractors to perform the needed work.
- Finding the lowest possible bids for the work while ensuring quality results.

- Providing personal, qualified support throughout the entire process.
- Providing you with financial assistance geared to your specific situation. With the help of federal funding sources, it is surprising how affordable home repairs can be for qualified borrowers.

### Basic Policy Guidelines

- The property must be in your name and be your principal residence until the loan is paid.
- Your household’s adjusted gross income from all members cannot be more than the following (subject to change annually):

<u># of Persons in Household</u>	<u>Amount</u>
1	\$32,050
2	\$36,600
3	\$41,200
4	\$45,750
5	\$49,450
6	\$53,100
7	\$56,750
8	\$60,400

### Rates and Terms

Terms vary, depending on your individual financial situation. Installment payments include favorable interest rates and can be personalized to make your loan more affordable.

In some situations, part of the loan may not require repayment until the home is either sold or transferred to another owner. This means you can make the needed repairs without high payments you can’t afford.

### We Can Help!

We are available to help with your home’s particular challenge. To find out more, simply fill out the loan application and submit it as soon as possible to the address shown below. Funding is limited and available on a first come, first qualified basis.

\*The City reserves the right to deny any loan applications.
