

POCATELLO CITY COUNCIL MEETING  
MAY 17, 2018  
AIRPORT PROFESSIONAL SERVICES AGREEMENT  
T-O ENGINEERS  
EXECUTIVE SUMMARY

This year's airport improvement project (AIP) includes:

- a) Taxiway Rehabilitation
- b) Wildlife Hazard Assessment and Plan
- c) Replacement of ARFF Crash Alarm System
- d) Purchase of Snow Removal Plow Truck

T-O Engineers was selected in 2014 for all Architectural and Engineering work for a five-year period. A Professional Services Agreement (PSA) will be established with T-O Engineers for each individual project. The current PSA, which is T-O's fourth project with the airport under this term, is for bid processing, grant application and closeout, and some design as well as project and construction management for the above referenced projects.

The fee is based on time and materials and is not to exceed \$276,695.35. The engineering fees are eligible for 93.75% reimbursement from the FAA through the Airport Improvement Program grant and the remaining 6.25% is funded using airport passenger facility charge funds. The engineering contract has been reviewed and approved by FAA. The project is contingent upon grant award.
